Dear Mr. Fox:

Re: Permit Review Status, Bingham Pit Mine, Water Collection System, M/035/002, Salt Lake County, Utah

On January 22, 1993 the Division received Kennecott's plan for the development of the East Side Water Collection system. Due to a backlog of other permit reviews, the Division was not able to complete a review of this plan within the usual 30-day timeframe. Please accept our apology for the delay and any inconvenience this may cause you.

We hope to complete our review of your application within the next 30-45 days. We appreciate your patience and understanding in this regard. Please contact me if you have questions or concerns with this proposed review schedule.

Sincerely,

for
